Comment: An industrial enterprise existed near Stara Boleslav during the time of the first Czechoslovak Republic. At that time, the factory was a branch plant of the Skoda (Avia) enterprise and was engaged in the manufacture of component parts for the automobile factory (now AZNP) at Mlada Boleslav and the Avia motor works at Letnany (Cakovice). It is possible that information contained in the present report refers to the enlargement of the factory previously available near Stara Boleslav.
